Nadia's Story

- Mum with two children at St Mark's R C Primary School
- Received information about us via school's parent portal
- Called our helpline as she was finding her energy bills expensive
- Received advice on the Warm Home Discount (WHD) and encouraged to contact her energy supplier
- During a follow up call from HES, Nadia confirmed she had received the £140 rebate in February

“It couldn't have come at a better time. I actually passed the information on to a friend and she got it as well!”
