- **Foetal Alcohol Spectrum Disorder (FASD) – a prerequisite to Virtual NAS and FASD: impact on the developing child.**
- **Neglect eLearning module – a prerequisite to Virtual Understanding Neglect.**

All training material including pre-course reading, presentations and supplementary information can be accessed on Edinburgh's Child Protection Hub via the following link <https://khub.net/group/edinburghs-child-protection-hub/group-home> (registration required).

**NHS staff should be up to date with their mandatory Public Protection (foundation) module and Child Protection (advanced) modules.**

**[Approval from NHS line managers is required prior to booking training.](#)**
