

SECOND-HAND DEALERS

FIRE AUTHORITY STANDARD CONDITIONS

MEANS FOR SECURING THE MEANS OF ESCAPE

Availability of Escape Routes

The contents and furnishings of any room used in connection with the business conducted shall be so arranged or disposed that there is a free passageway for all persons in the room to a Means of Escape in case of fire.

To achieve this, cleared routes shall be formed so that no route will be less than 800mm in width.

The Exits from the premises shall be maintained freely available and kept free from obstruction at all times.

GENERAL

There shall be a general “**NO SMOKING**” policy in operation throughout the premises where the business is conducted and where necessary, a separate area set aside for “**SMOKING**”. This can be achieved by the provision of suitable printed notices indicating the above.

MEANS FOR FIGHTING FIRE

An adequate number of extinguishers, appropriate to the risk, shall be provided and their location suitable identified throughout the occupied area.

If you cannot comply with any of the above conditions or require any further assistance, please contact the Fire Safety Department on 031 228 2401.
