Commentary: (This is an important requirement and should include a narrative summary of progress, as well as the context and rationale for any changes to current and planned actions.)

Performance has been poor in this quarter as the number of warrant applications has increased. The focus has been on looking at our customer contacts so that we can reduce these and let the surveyors get on with application processing. The customer engagement strategy is progressing well and a revised help desk desk is proposed. The lean review will strip out tasks that add little value to the process and it will lead to efficiencies and improved performance.

Key actions planned for next three quarters:	Relevant to KPO1-2 (from list):	Target completion date:	Priority level (from list):	Proposed outcomes:
1. Undertake a lean review of building standards processes in November 2015 to improve ways of working	KPO1	31.12.2015	High	review of processes to make them more efficient and thus improve performance
2. Embed risk assessment methodology into normal working practices for reasonable enquiry	KPO2	31.3.2016	Medium	to ensure best use of resources
3. Provide training on new legislation introduced on 1 October 2015	KPO2	31.3.2016	Medium	to ensure surveyors are fully aware of new regulations and can fully implement them
4. Take a lead role on the national E-Building Standards project	KPO1	31.3.2016	High	to ensure the benefits of E- BS are realised
5. Change our customer contact channels to allow a greater focus on warrant and completion certificate processing	KPO1	31.3.2016	High	to improve efficiency and reduce unnecessary contact

Commentary (optional): (This could look at longer term priorities (one to three years)):

5. Keep the budget under review	KPO6	31.3.2016	Completed	systems in place
6. Continue to embed the staff	KPO9	31.3.2016	On target	staff engagement strategy in place
Commentary: (This is an important requirement and should include a narrative summary of progress, as well as the context and rationale for any changes to current and planned actions.)				
Building warrant fee income has exceeded previous recent years. All systems are in place for financial and operational efficiency but this is not being achieved because of the rise in application numbers and fee income not being ring fenced for Building Standards. the staff engagement strategy is bedding down well and staff feel more engaged but further change is causing concerns.				
Key actions planned for next three quarters:	Relevant to KPO6-9 (from list):	Target completion date:	Priority level (from list):	Proposed outcomes:
1. Prepare for E-Building Standards including an assessment of technical requirements	KPO8	ongoing	High	to ensure the benefits of E- BS are realised
2. Continue to embed the staff engagement strategy	KPO9	ongoing	Medium	to ensure staff feel motivated and engaged
