

# Equality and Rights Impact Assessment

## 2015-2018 Budget Summary Report

### What budget option does this ERIA information relate to?

CF2 Review the Family Solutions service

### What are the main impacts of this option on rights?

No impacts on rights are envisaged.

### What are the main impacts of this option on equality?

It is not anticipated that there will be negative impacts on specific equalities groups.

### What are the main recommendations to address either the positive or negative impacts?

A more targeted approach, working with higher tariff families in the first instance, will help to minimise the possible negative impacts of this proposed reduction. However, the service to vulnerable families may be reduced and the impact of this should be addressed through effective Child Planning and the identification – wherever possible – of alternative forms of family support.
