

Equality and Rights Impact Assessment

2015-2018 Budget Summary Report

What budget option does this ERIA information relate to?

CF18 Review Throughcare Service

What are the main impacts of this option on rights?

Whilst there would be no specific impact on children's rights, care would be taken to ensure young people received the appropriate information about their entitlements and support to access relevant services wherever possible.

What are the main impacts of this option on equality?

For those with a disability, supplying information about entitlements and support may not be enough and would require to be further explored

What are the main recommendations to address either the positive or negative impacts?

Throughcare and aftercare staff will take all possible steps to support young people to access appropriate healthcare advice, guidance and services and will be trained and supported to provide this.

Assistance to access the support may be required for those with communication difficulties, mental health conditions etc and this should be built in to forward planning for these client groups
