

City Centre West to East Cycle Link and Street Improvements – Update 6

27 November 2017

Project Updates

This is the sixth update for the CCWEL project. These bulletins are issued regularly to keep all stakeholders up to date with the project's progress.

When construction commences on site (expected 2019), updates will be issued more frequently with details of construction and traffic management.

Further information on CCWEL is available here: <http://www.edinburgh.gov.uk/CCWEL>

Latest Progress

Work on the detailed design for Section 2, between Haymarket Station and Charlotte Square, has now started with the design team working steadily through this section from west to east.

The statutory processes necessary to implement the changes along Section 1 (Roseburn to Haymarket) have also begun. As part of these processes – which include a Traffic Regulation Order (TRO) and Redetermination Order (RSO) – plans have been issued to statutory consultees such as public transport operators, Community Councils and emergency services.

As part of the Order process, plans will be available for formal public comment early next year. The designs will be available online and we will also be letter dropping all local residents and businesses, and hosting various community drop-in sessions to ensure that everyone has the chance to view and comment on the proposals.

A further, separate legal process is required to make the proposed changes to taxi stance arrangements in the vicinity of Haymarket Station. It is currently anticipated that this process will commence in December 2017.

Rejuvenating Roseburn

Example concept option

We would like to extend a big thank you to everyone who came along to our Community Engagement Session on the Old Coltbridge on Tuesday 7 November 2017. There was obviously a lot of interest in the proposals and the potential for change and it was really great to hear what everyone had to say.

Several themes came forward from the discussions, many of which were in line with previous feedback including:

- the need for more seating,
- the need for more greenspace,
- celebrating local heritage;
- the possibility of a Farmer's Market, and;
- improving access to and views of the Water of Leith

Public Exhibition – Tuesday 5 December 2017

Early next month we will present the initial draft concept designs for “Rejuvenating Roseburn” and we will be taking feedback from the local community at the following two events.

- 8.00am – 4.00pm: On site at the Old Coltbridge, Roseburn
- 7:30pm: Murrayfield Community Council Meeting, Murrayfield Parish Church, 2b Ormidale Street

We hope to see you there.
