

# City Centre West to East Cycle Link and Street Improvements – Update 9

March 2018

## Project Updates

This is the eighth CCWEL update. These are issued regularly to keep all stakeholders up to date. When construction commences on site (expected 2019), updates will be issued more frequently with details of construction and traffic management.

Further information on CCWEL is available here:  
<http://www.edinburgh.gov.uk/CCWEL>

## Roseburn to Haymarket TRO & RSO Consultation

The statutory processes necessary to implement the changes between Roseburn and Haymarket have begun.

The next stage of the Order process, involves a public consultation which will open in early April. The designs will be available online and all local residents and businesses will be notified.

There will be two public drop-in sessions for people to view the proposals and find out about the project, and how to respond to the TRO & RSO consultation.

### **Public Drop-In Sessions:**

**Roseburn:** Tuesday 17 Apr, 1-7pm, 6 Murrayfield Place (former Bloemen Ecke premises)

**Haymarket:** Thursday 19 Apr, 1-7pm, Apex Haymarket Hotel, Haymarket Terrace

## Rejuvenating Roseburn

Find out more about 'Rejuvenating Roseburn' here:  
<http://edinburgh.gov.uk/RejuvenatingRoseburn>

We were delighted to provide an update on designs for Rejuvenating Roseburn at the meeting of Murrayfield Community Council on Tuesday 28 February.

The presentation can be found on our webpage, and there will be a full consultation once the designs have reached the appropriate stage.

We will provide another update at the next MCC meeting which will take place at **7:30pm, Tue 1 May at 2b Ormidale Terrace**. We hope to see lots of you there!

## Randolph Place

As part of the CCWEL project we are proposing significant changes to Randolph Place. We want to make this beautiful street better for people walking, cycling and visiting shops and bars.

We developed three options for the revised layout, and these were taken to public consultation during February.

At our public drop-in event on Tuesday 20 February, and during the following week online, we presented the options and asked members of the public which they preferred. We also asked for other comments they had.

51 responses were received and the majority favoured Option 2, which includes, wider pavements on both sides of the road, parallel parking and loading on the south side, and some form of closure of Charlotte Lane.

35 responders (68%) stated that 'Option 2' was their preference. From the eleven responses received from resident's and businesses in the immediate area, ten stated that 'Option 2' was their preference, with only one responder favouring Option 1.

For more information regarding the proposals for Randolph Place you can download the consultation report online here: [www.edinburgh.gov.uk/ccwel](http://www.edinburgh.gov.uk/ccwel)

## Melville Crescent

Following stakeholder engagement and consultation over the past few months we are continuing to develop the final detailed design proposals for Melville Crescent including detailed spec for proposed greenery, street furniture and seating.

More information regarding this aspect of the project including the full consultation report is available on the council's website.
