

Active Travel Programme of Infrastructure Improvements for 2018-19

2018/19 work (Active Travel Team lead - note 3)

Project type - note 1	NAME/ LOCATION	BRIEF DESCRIPTION/NOTES	Design and other work prior to implementing - note 4	Implementing	On hold	Locality - NB. Projects often serve more than one Locality - see note 5	
1	walk	Deanhaugh Street and Leslie Place	Pedestrian crossings upgrade at junction				NW
2	walk	Broughton Street / East London Street	Pedestrian / cycle friendly modifications to junction				SE
3	walk	Arboretum Place at Botanical Gardens West Gate Entrance	Redesign street to prioritise walking				NW
4	walk	Dean Park Crescent	Junction redesign to prioritise walking				NW
5	walk	Guardrail Removal	Citywide assessment / removal programme				City Wide
6	walk	Dropped kerbs and raised crossings programme	Prioritised improvement programme				City Wide
7	walk	Calton Road (Waverley to Leith Street)	Footway widening / street improvements				SE
8	walk	Morrison Street	Signalled junction upgrade				SE
9	cyc + walk	Davidson Mains Park (QuietRoute 60)	Footpath widening and lighting from Queensferry Road to Barnton Avenue, which will improve the conditions for local use, but also provide a quality cycle route for longer journeys from Clermiston, East Craigs and Corstorphine to the NCN 1 and North Edinburgh Path Network				NW
10	cyc + walk	Clermiston Junction (QuietRoute 60)	Feasibility study of existing junction with a view to making improvements that prioritise pedestrian/cycle movements				NW
11	cyc + walk	Corstorphine Road to South Gyle Broadway	Crossings and cycle provision/path improvements including segregation				NW
12	cyc + walk	Roseburn Path to Union Canal	New off road path, bridges and park improvements				NW, SW
13	cyc + walk	North Edinburgh Path Network	Drainage and surface improvements				NW, NE
14	cyc + walk	Innocent Tunnel Path	Installation of new lights within tunnel				SE
15	cyc + walk	Lower Granton Road	Widening and extension of the existing path for walking and cycling (McKelvie Parade), which runs parallel to Lower Granton Road. This will provide a link from Newhaven to Granton Square to reach key local and popular destinations				NW

16	cyc + walk	Grange Road Crossings (QuietRoute 6)	New crossings and improvements to Lovers Loan				SE
17	cyc + walk	Meadows to Castle Terrace (Quiet Route 6)	Quiet Street improvements and new crossings				SE
18	cyc + walk	Waterfront Promenade (West Shore Rd to Granton Harbour)	New off road seafront shared use path				NW
19	cyc + walk	Barnton Avenue West Golf Course link	Lighting of small path at end of golf course path				NW
20	cyc + walk	West Approach Road (part of Roseburn to Union Canal)	New off road path				SW
21	cyc + walk	Holyrood Park (QuietRoute 5)	Improved paths and new crossings				NE
22	cyc + walk	Newcraighall / Queen Margaret University Lighting Project	replace lamp columns in Newcraighall Park				NE
23	cyc + walk	Meadows to Union Canal	Design of a quality link cycling link between the Meadows and the Union Canal, opening up the potential for longer trips across the city to be made by bike. New segregated cycle lanes and toucan crossings on Home Street and Brougham Place and footway and cycle improvements on Lochrin Place and Tarvit Street				SE
24	cyc + walk	West Edinburgh Active Travel Network	Segregated cycle lanes, crossings, street improvements and new bridge over Fife Railway. More information can be found here: http://www.edinburgh.gov.uk/info/20087/cycling_and_walking/1791/cycling_and_walking_projects/4				NW, SW
25	cyc + walk	Meadows to George Street	Segregated cycle lanes and street improvements. More information can be found here: http://www.edinburgh.gov.uk/info/20087/cycling_and_walking/1791/cycling_and_walking_projects/3				SE
26	cyc + walk	Little France Park	New path Little France Drive to The Wisp				SE, NE
27	cyc + walk	Street Design Guidance	Continued development of detailed factsheets				City Wide
28	cyc	City-wide public bike parking	Cycle rack installations				City Wide
29	cyc	Various locations along/near tram route	Cycle safety works at tram tracks crossing points				NW, SW, SE
30	cyc	Roseburn to Gyle - main route (QuietRoute 8)	Quiet Street improvements and new crossings				NW, SW
31	cyc	Roseburn to Gyle - links to Saughton park (QuietRoute 8)	Quiet Street improvements and new crossings				NW, SW
32	cyc	Craiglockhart Rd North to link to Canal	Path widening and surfacing				SW
33	cyc	Craigleith to Leith Walk (QuietRoute 20)	Quiet Street improvements and new crossings				NW, NE

34	cyc	Niddrie to Moredun via BioQuarter (QuietRoute 61)	Quiet Street improvements and new crossings				SE, NE
35	cyc	City Centre West to East link	Segregated cycle lanes, crossings and street improvements. More information can be found here: http://www.edinburgh.gov.uk/info/20087/cycling_and_walking/1791/cycling_and_walking_projects/2				NW, SE, NE
36	cyc	Holyrood Park to Ratcliffe Terrace (QuietRoute 30)	Quiet Street improvements and new crossings				SE, NE
37	cyc	Marchmont Road to Kings Buildings	Advisory cycle lanes New gyratory at Oswald Road / Kilgraston Road Blackford Avenue / Main Street junction upgrade				SE
38	cyc	Forthquarter to Silverknowes Promenade (Granton Link)	Path widening on West Granton Rd at Morrisons Path widening and crossing point on West Shore Road to Link Forth Quarter Park with Silverknowes Promenade				NW
39	cyc	Fountainbridge / Dundee Street	Segregated link between Telfer Subway and Union Canal Feasibility study of options for remainder of street				SW
40	cyc	Leith to Portobello (Water of Leith to Links Place)	On carriageway cycle provision				NE
41	cyc	Residential cycle parking	On-street secure cycle parking application, consultation and TRO works through consultant				City Wide
42	cyc	Cultins Road shared footway	Begin discussions with land owners to agree sale or construction of adoptable path on verge to west of Cultins Road				SW
43	cyc	Sighthill Crossing link (into West Edinburgh Active Travel Network)	Changing junctions to prioritise cycle north south movements to and from the canal				SW
44	cyc	Crewe Road South / Orchard Brae	On carriageway cycle provision				NW
45	cyc	St.Leonards to Canongate / Holyrood Drive	On carriageway cycle provision Calton Road, crossings, path improvements at Viewcraigs				SE
46	cyc	One-way street exemptions (Phase 1)	Signs, markings, traffic management				City Wide
47	cyc	Bioquarter to Dalkeith Road and Mayfield	Segregated cycleways and cycle/pedestrian paths				SE, NE
48	cyc	A8 Gyle to Newbridge (QuietRoute 9)	Path widening between Ingliston Road and Eastfield Road and design of new junctions at Ingliston Road and Gogarstone Road				NW
49	cyc	Pennywell Road	Pennywell Road segregation and links to North Edinburgh Path Network				NW

NOTES

1. The 'project type' column is intended to give a broad indication of the main beneficiaries of the project - ie 'walk' indicates project will principally benefit people on foot, 'cyc and walk' projects will have significant benefits for people both walking and cycling, 'cyc' projects will mainly benefit people cycling. It should be noted that it is difficult to precisely categorise projects and, in accordance with Edinburgh's Street Design Guidance, all projects will seek to benefit people both walking and cycling, as well meeting other objectives for the streets and paths concerned.
2. A map showing scheme locations is under development.
3. Most of the projects listed here are being led by the Council's Active Travel Team. Some projects with major active travel impacts (eg George St New Town, tram extension) are not included in this list.
4. 'Other work prior to implementing' includes work such as progressing legal orders and land acquisition
5. This column shows the Locality or Localities in which a project is located (ie where infrastructure will be built). However projects nearly always have impacts into other Localities. For example the Meadows to Union Canal project is in the South East Locality, but the highest percentage of users is likely to come from the SW Locality.
