Choice **1 A**

**We want to connect our places, parks and green spaces together as part of a city-wide, regional, and national green network. We want new development to connect to, and deliver this network. Do you agree with this? - Select support / don't support**

Short Response

**Explanation** Yes this is supported as Tartan Leisure support a built environment which supports an active population. In addition we note the Council's commitment to being a 'Million Tree City'. As part of the Wavegarden Scotland development at Craigpark Quarry which Tartan Leisure are delivering they have provided plans which show the planting of circa 10,000 new trees within the former quarry. Tartan Leisure support the need to connect places via a green network and are hopeful that their commitment to tree planting and improving bio-diversity at Craigpark Quarry will be a part of the green network as we connect into wildlife corridor of the Union Canal.

Choice **1 B**

**We want to change our policy to require all development (including change of use) to include green and blue infrastructure. Do you agree with this? - Support / Object**

Short Response

**Explanation** Tartan Leisure support this. as can be seen from the Wavegarden proposals they are committed to providing a development that improves bio-diversity using tree planting (10,000 are proposed), green roofs and ponds, swales and connectivity with the wildlife corridor of the Union Canal through a landscape led drainage system.

Choice **14 A**

**We want City Plan 2030 to support the best use of existing public transport infrastructure in West Edinburgh and accommodate the development of a mix of uses to support inclusive, sustainable growth. We will do this through 'an area of search' which allows a wide consideration of future uses within West Edinburgh without being tied to individual sites. Do you support this approach? - Yes / No**

Short Response

Explanation  
There are significant opportunities for development and growth in West Edinburgh, many of which are occurring independently of one another. In particular Tartan Leisure are developing Scotland's first Wavegarden, an artificial surfing leisure destination in the former Craigpark Quarry and have planning permission in place for the leisure facility (ref 17/02471/FUL). This promises to be a major attraction in the area and a positive addition to the leisure market. In addition to this opportunities to improve connectivity to the West Edinburgh area exist and along with proposed residential and employment proposals at the Garden District, land East of Riccarton and around the airport needs to be properly and cohesively planned. Therefore we support the 'area of search' in West Edinburgh which would allow the future proper planning of the area. They support any proposal to improve public transport infrastructure in the West of the city including the tram extension to Newbridge and increasing capacities at park and ride facilities.

Short Response

Explanation

Choice 15 A

**We want to continue to use the national 'town centre first' approach. City Plan 2030 will protect and enhance the city centre as the regional core of south east Scotland providing shopping, commercial leisure, and entertainment and tourism activities. Do you agree with this? - Yes / No**

Short Response

Explanation Tartan Leisure supports the town centre first approach to new retail and leisure development. However it should also be noted that not all leisure uses can be accommodated in a town centre location, such as the proposed Wavegarden at Ratho which is located in a former quarry on the edge of Ratho. The proposal requires a certain size of site that is not available in the urban area of Edinburgh.

Choice 15 B

**New shopping and leisure development will only be allowed within our town and local centres (including any new local centres) justified by the Commercial Needs study. Outwith local centres, small scale proposals will be permitted only in areas where there is evidence of a lack of food shopping within walking distance. Do you agree? - Yes / No**
