Choice 12 BX

Do you support or object to any of the proposed greenfield areas? (Please tick all that apply) - Explain why

Short Response

Explanation As a Community Council we are firmly against any further development in the Kirkliston area as the infrastructure of the village is beyond saturation and most important we have very little open space left for Recreation As we know two developers are interested in two possible sites in Kirkliston at the moment . The position of the Community Council is we are totally opposed to any other developments taking place The existing infrastructure is totally saturated and can't cope with the existing developments within Kirkliston

Choice 12 C

Do you have a greenfield site you wish us to consider in the proposed Plan? - Greenfield file upload

Explanation

Choices for City Plan 2030 Future Edinburgh

Submission from Kirkliston Community Council

I refer you to the recent information relating to the Choices for the City Plan 2030 and detail below the submission from Kirkliston Community Council

As you know Kirkliston has in recent years had around 800 new homes literally forced upon and imposed on the Community despite objections from the Community Council and many residents. This figure has since been extended twice by the City of Edinburgh Planning Authority with another approximately 150 homes being built against the voiced wishes of the local Community. Whilst we have welcomed new Kirkliston residents the result is that our predictions have come true and our Primary School and Nursery facilities are fully stretched and additional extensions to the existing Primary school have had to be built.

Every piece of infrastructure is creaking at the seams especially as evidenced by frequent traffic Jams on our Road network through our main junction crossroads. This has been further compounded by traffic using Kirkliston as a rat run to and from the Queensferry Crossing. It is also noticeable that our remaining small open space areas and the reduced hours of opening of the Leisure Centre is forcing families to go further afield in search of Leisure Pursuits It is quite unacceptable that families are being forced to do this due to the lack of suitable facilities.

With regard to the proposed 2030 City Plan and bearing in mind that there has been very little consultation on it, as a Community Council we would have expected the Planning Authority to have considered the democratically elected Community Council to be a Partner and a key (if not statutory) consultee yet this has not been the case and in our view cannot remain the case.

As a Community Council we are aware that two separate developers are looking for proposed substantial housing developments within Kirkliston, I would wish to draw to your attention that the Community are firmly against any further development in the Kirkliston area as the infrastructure of the village is beyond saturation and as we have as mentioned previously we have very little open space for recreation left. With our recent population explosion, links between health and recreational space and the need for Community facilities, it is beyond

time to conclude that this Community of Kirkliston is at total saturation to the considerable detriment of all the people of Kirkliston.

I therefore request that you note our formal request to have improved direct engagement and consultation between the City of Edinburgh Planning Service and the Community Council and to take into account the near non-existent engagement with the local Community during the formation of the Choices for City Plan 2030. I would also ask that the position of the Community Council to strongly oppose the inclusion of the two sites that we know are currently being pursued by two developers is firmly registered and taken into account during the remaining phases of the Choices for City Plan finalisation

Should you wish to discuss the matter further or require any further clarification please do not hesitate to contact me.

Yours sincerely

David W Buchanan
Chair of Kirkliston Community Council
