We want to connect our places, parks and green spaces together as part of a city-wide, regional, and national green network. We want new development to connect to, and deliver this network. Do you agree with this? - Select support / don't support

Short Response

Explanation A broad range of uses in a green network can bring many benefits to society. It should be ensured that green space use is varied including provision for a wide range of sport, leisure and recreational activities of all types. This should include a community speedway stadium within the city.

Choice 1 B

We want to change our policy to require all development (including change of use) to include green and blue infrastructure. Do you agree with this? - Support / Object

Short Response

Explanation To say all developments is a very broad brush while these measures should be encouraged where appropriate. Should such features increase the cost of construction then they must be implemented in a way that is relative and appropriate to the scale of the development as to not frustrate the viability of projects.

Choice 1 D

We want to clearly set out under what circumstances the development of poor quality or underused open space will be considered acceptable. Do you agree with this? - Yes / No

Short Response

Explanation Provision of high quality recreational space, including open space, is important to the liveability of every city. This should include a broad range of uses including a community speedway stadium in collaboration with Edinburgh Monarchs Speedway.

Choice 1 E

We want to introduce a new 'extra-large green space standard' which recognises that as we grow communities will need access to green spaces more than 5 hectares. Do you agree with this? - Yes / No

Short Response

Explanation Extra-large green space could also allow for provision of sport, leisure and recreational facilities. These can draw together new communities in shared spaces. A community speedway stadium can be a hub around which new communities can thrive.

Do you agree with this? - We want to support the city's park and ride infrastructure by safeguarding sites for new park and ride and extensions, including any other sites that are identified in the City Mobility Plan or its action plan.

Short Response

Explanation There may be an opportunity to explore situating a speedway stadium beside a park and ride as to share use of the car park and also make full use of the public transport connections that all park and rides enjoy. Speedway events operate outside peak hours of park and ride usage so this would be a feasible addition.

We want to create a new policy that provides support for social enterprises, start-ups, culture and tourism, innovation and learning, and the low carbon sector, where there is a contribution to good growth for Edinburgh. Do you agree with this? - Yes / No

Short Response

Yes

Explanation

A mixed-use community speedway stadium will act as a hub for innovation and learning. With this being the home of Edinburgh Monarchs Speedway, the club would attract tourists to events from across the country with the potential to host major national and international events. Such a stadium could also find use during the Edinburgh Festivals as a hub for festival events to assist with spreading their benefits across the city.
