Subject: Asset transfer Ravelston Park Pavilion

To whom it may concern,

I am writing regarding the above mentioned proposed asset transfer and would like to register my strong support in favour of this.

As a resident of Blackhall and having had three children at the local nursery, it is clear the building is increasingly no longer fit for purpose. Whilst the nursery have done the best they can with the limited space, it is a very old building which was not built for the current purpose and community need of a nursery.

Additionally, in building a new physical space, the whole community can benefit from additional usages, which is in scope of the Blackhall Community Trust plans in regular consultation with residents. I would be delighted for the trust to take forward this project on behalf of the Blackhall Community in which it serves, for which I understand this asset transfer is instrumental.

I am extremely grateful to the Blackhall Trust for their continued efforts to improve the current space for community benefit.

Again, for reasons stated, I fully support the transfer of land and ownership to the Blackhall Community Trust.

Best regards,

Lindsay and Richard Patterson
