Subject: Letter of support - Ravelston Park Pavilion Consultation

To whom it may concern

I write in support of the proposed transfer of Ravelston Park Pavillion to the ownership of Blackhall community trust. The current nursery is increasingly old and unfit for purpose. The trust's vision to create a higher quality nursery and allow for much need community facilities for the community.

I have two young children, one of whom missing out on a place in the local nursely due to lack of space, I feel this is a crucial development which needs to be approved. I use the facilities in the park regularly and by no means will the increased boundary cause any issues to myself and others using the park space.
