

Ravelston Park – Representation 020

Dear Sir

I would like to register my objection to the proposed sale of Ravelston Park in Blackhall.

This public, community park is widely used by children, people walking dogs, runners, and adults - including elderly and infirm- having a leisurely stroll or using the park for quiet time.

Whilst it is only part of the park which is due to be lost, the upheaval and disruption will be significant and will severely impact on park users. For example, diggers and other machinery will be dangerous to children and dogs.

I strongly object to this loss of public park space in a quiet residential area. It will be detrimental to the health and wellbeing of children and teenagers who play there or use it for sport activities, and also to adults who use it for outdoor activities - which are known to support good mental health.

Yours faithfully

Joanne Connolly
