Subject: Ravelston park

Hello

I am a parent living in Eh4 and write to give my support for the current plan including transfer of the land in Ravelston Park to the community trust. I have a young family and this sort of community space is desperately needed in the area. The current nursery is a fantastic community resource but not everyone who needs it can make use of it due to the size and the building is very small and far from ideal. Children are so important and we should give them the best start in their early years. That is what increasing the nursery facility would do. The benefit to the wider community of having additional community space and being able to provide for children and families in the geographical area would be huge.

My name is Emma Reid, address REDACTED.

Kind regards

Emma
