Subject: Ravelston Park Pavillion

To whom it may concern,

Please regard this as an indication of my support of the Blackhall Community Trust's application for the Asset Transfer of the current Pavillion and land within Ravelston Park as outlined on plans.

As a local resident and member of the Blackhall community I believe this plan of action is required to improve the pre-school offering within the local area. The building is increasing unfit for purpose and local children and the staff deserve better facilities.

Furthermore I believe the local community would benefit from the potential a community hub would bring. A better designed building which is sympathetic to the natural surroundings would provide this potential for both pre school children and the wider community.

Kind regards
Linda Rennie
