**Subject:** Transfer of Assets in Ravelston Park

Hi

IWe object to the proposal to transfer the assets which were "gifted to the whole community to be used in all time coming as a public recreation park not to be in the power to sell and not to build on same."

We fear that if this goes ahead it will set a precedent and more groups will attempt to develop parts of the park in future.

We appreciate that space for the children is limited, but if it is costing £1 million, then surely it would be cheaper to buy and convert a house in this area.

Another reason put forward is to enable it to be used as a community hub.we would point out that there are a number of other venues that can be used, including Blackhall St Columba's Church which has recently been refurbished.

Kind regards

Anne McLennan and George Cairns
