Subject: Support for Blackhall Nursery proposal

To whom it may concern,

I fully support the proposal for a new and bigger building for Blackhall Nursery. It is vitally important that in the future all families in the Blackhall catchment have the opportunity to send their children to Blackhall Nursery which is the feeder nursery for Blackhall Primary School, ensuring that children experience the continuity of spending their nursery years with the same peers they'll join in Primary School. With the increase of children deferring a year and the subsequent loss of places for 3 year olds, a bigger building offering more places can only benefit the local community, and as the plans show, the footprint for the building would not have any adverse affect on Ravelston Park as a whole.

Kind regards,

Leon Qualls
