Thinking and Talking about My Learning - P1 & P2

Self-reflection Plenary

At the end of a day of learning you might like talk about your learning with someone else.

Roll a die to select 1 or 2 questions to get you started.

1	2	3	4	5	6
Were there any tasks today that I found too easy? Why? Could I have added my own challenge?	Did I make a good guess about how long each task would take?	Did I get stuck on a task? Did I give up or try a different way? What did I try?	Did I try going back to a tricky task later? Did that make a difference?	Did I find it easy to stay on task today? What helped? What didn't help?	How can I make sure I remember what I learned?
