

TRO/22/26 Bankhead Terrace

Please see a Statement of Reasons for the applied TRO for 24 hour waiting and loading restrictions on Bankhead Terrace.

Vehicles parking/waiting on this section of Bankhead Terrace are causing difficulties to traffic flow when industrial units are requiring loading/unloading of vehicles on the opposite side of the carriageway.

The introduction of the new 24 hour waiting and loading restrictions will result in improved traffic flow and improve safety for all road users.
