

TRO/22/27 - STATEMENT OF REASONS

Wilkieston Road, Ratho is a village road and was not constructed for the volume of HGVs using it to bypass A71/M8 route. The existing weight limit on Wilkieston Road, Ratho is 11 tonnes but this is no longer the prescribed traffic sign in the Traffic Signs and Regulations General Directions 2016. A Traffic Regulation Order is required to change the weight limit (with an exemption for public service vehicles) so enforcement action can be taken by Police Scotland when required.
