

RSO/23/18 Statement of Reasons

The City of Edinburgh Council is carrying out environmental improvements to Northfield Drive and Grove, the redevelopment of existing public realm spaces to maximise amenity spaces for residents at Northfield Drive and Grove. Existing car parking is being rationalised and raingardens introduced to address surface water runoff. Communal garden spaces are being redeveloped to encourage a great use of these spaces. Play provision for the area is being extended across the whole of Northfield Grove to both improve the general offering of play but also to include provision virtually on resident's doorstep. At proposed redevelopment of public realm spaces Northfield Grove Edinburgh. Reference should be made to planning application/permission reference 22/00521/FUL for full details of the permission granted and its conditions.
