January 2024

Fillyside Crossing	New crossing connecting from Fillyside Road to Seafield promenade	Concept Design	Summer 2025	Autumn 2025
Reallocation of road space and reprioritisation of corridor.	New walking and cycling provisions.	Technical Design	FY24/25	FY24/25

Design and Construction Stages

- 0 – Strategic Definition Set out the project vision and justify strategic need
- 1 – Preparation and Brief Define the scope of the project and develop the project outcomes
- 2 – Concept Design Concept design prepared to define the interventions including outline proposals and preliminary cost information
- 3 – Developed Design Developed design prepared to include coordinated and updated proposals
- 4 – Technical Design Technical design prepared to include all required information for construction
- 5 – Construction Construction commences according to programme
- 6 – Handover and Close Out Construction is complete and the end of works can be formalised
- 7 – In use The project is now being used by the community and is to be maintained for 15 years after project construction

FY = Financial Year

Q = Quarter
