

**THE CITY OF EDINBURGH COUNCIL (TRAFFIC REGULATION; RESTRICTIONS ON WAITING,
LOADING AND UNLOADING, STOPPING AND PARKING PLACES) (VARIATION NO. 19) ORDER
2024** **– TRO/24/07**

Statement of Reasons:

A number of amendments have been identified as being required to ensure the effective and efficient working of the new zones being implemented as part of the Strategic Review of Parking. These amendments take account of changing circumstances and will help to ensure that restrictions are appropriate and consistent across the new zones. Changes to permit eligibility within the governing Traffic Order ensure that those who are entitled will be able to obtain permits.

The amendments also add parking places and other restrictions to locations where the current Order has no restrictions, which ensures a consistency of parking management.
